When purchasing a complete system/package unit coverage, if OEM parts warranty on the thermostat is less than OEM parts warranty on the system/package unit, thermostat parts extension must be purchased to cover the thermostat parts. Labor on thermostat is covered under the system/package unit coverage.

For installations within a 1-mile radius of a sea coastline (including Bays/Sounds i.e. main bodies of salt water) and consisting of units installed outdoors, Seacoast SKUs need to be purchased.

RENEWABLES

RENEWABLE WARRANTIES

HOW IT WORKS

- Renew any 1, 2, and 3 Year Labor Only Plans.
- Renew any 1, 2, and 3 Year Labor Plus Plans.
- No other plan types are eligible to renew.
- Can be purchased as soon as 31 Days from start up.
- Can be purchased no later than 30 days before original plan expires.
- You can also increase labor reimbursement rate on the renewable plan.
- Type of Plan (Labor Only or Labor Plus) must remain the same upon renewal.
- Renewable plans must comply with terms and conditions and limit of liability.
- You can quickly find the plans eligible for renewal under the "Agreements" Tab by accessing the subcategory tab, "Renewable Agreements" on the dealer portal.
